2.3

All Dutch films submitted to the festival will automatically be eligible for selection of the Dutch Competition.

2.4

All submitted films are also eligible to be selected for our out-of-competition programs. In this case, the festival will always contact the person designated on the entry form as the primary contact beforehand to request permission. All regulations are also valid in this case.

3. Selection and screenings

3.1

In case a film is selected, the festival will notify the primary contact and the director of the film by 28 February 2027 the latest. Once the film has been selected, the Go Short logo and the text “official selection Go Short 2027” may be used for publicity purposes. This logo and text will be sent in digital form.

3.2

Go Short offers no screening fee to films selected in competition. The festival offers a small screening fee to all films screened solely in out-of-competition programs.

3.3

To compile the festival catalogue, the festival must receive a duly completed entry form and requested materials for each film: synopsis, catalogue credits, and stills. The requested materials should be sent as soon as possible upon acceptance of the invitation (deadlines will be mentioned in email). Go Short accepts no liability in the event that its publications reproduce inaccuracies in submitted materials. Catalogue writings are entirely at the discretion of the festival.

3.4

The catalogue will include the following technical and artistic credits: original title, international title, director, production country (/countries), year of production, length, premiere status at Go Short, credits for production, screenplay, cinematography, editing, animation, sound, music and narration, principal cast and contact details (company, primary contact, telephone number, and email).

3.5

For promotional purposes the festival would like to receive:

- A minimum of one high resolution digital still from the film (1080p or higher).
- A number of additional high-res stills (720p or higher).

3.6

For promotion of the whole selection and of each selected film, the festival website is allowed to use any still or digital film clip (less than 10% of the film's duration and up to a maximum of 3 minutes). The festival is entitled to use the above-mentioned excerpts from selected films for promotional purposes nationally and internationally.

3.7

A selected film cannot be withdrawn from the program after accepting the selection invitation.

3.8

In case of selection, we expect a representative of the film to accompany the screenings to take part in a Q&A and/or interview. The festival staff will contact the primary contact about this.

3.9

General scheduling and timetabling of the public screenings and press & industry screenings are entirely at the discretion of the festival management.

3.10

Selected films will be made available in the Video Library right after the festival for accredited film professionals. All national entries, including films not selected, will be included in the Dutch Platform, a section in the Video Library that gives a complete overview of the Dutch short film culture to registered film professionals.

3.11

Producers and distributors of both participating and winning films are encouraged to include in future promotional material the mention of a selection or award of, respectively, the competition of the 19th Go Short – International Short Film Festival Nijmegen. Logos 'in selection' or 'winner of' Go Short Competition are available on request.

3.12

If the festival decides to screen films in an online environment, the primary contacts of the films will always be asked for permission after presenting them with the conditions of the screening.

4. Film Transport

4.1

DCP is the only accepted film format supported for screenings. All films must be delivered digitally following the instructions sent by the Festival after selection. The Festival must receive the screening copy of the film before 1 March, 2026. In case the Festival wishes to use the film for a press screening or similar beforehand, the primary contact or print contact will be contacted prior to this date. The festival will contact whoever is designated on the entry form as the primary contact.

4.2

In case of faulty projection, the festival cannot be held liable for immaterial damages suffered by director, producer, or distributor.

4.3

The festival will keep a digital copy of the DCP in their archive, unless the rights holder requests differently. For future screenings and use of the DCP, the primary contact will be approached again.
